#### 1866.

The Selectmen for this year assessed in taxes, in excess of the amount they charge against themselves; and as they credit themselves in balancing their account, with the amount of unpaid taxes on the Collector's lists, they should be charged with this sum: and also with an error in their "Town Farm account" of	\$382.85
	317.70
Also with an error in their report in "Recapitulation" of general expenses,	11.00

### REPORT OF SCHOOL COMMITTEE.

To the citizens of Meredith, the following report is respectfully submitted.

The efforts of the teachers in the several districts have resulted in good success, generally. First class teachers have been employed in a small number of the schools and earned their pay. It is to be regretted that other schools have been less fortunate.

The Summer term in No's. 1 and 2 was taught by Miss Annie E. Hucksins of Holderness a young teacher wanting experience.

The Winter term was under the instruction of Miss E. D. Sanborn of Gilford, who knows her business and has a conscientious regard for the interests of her pupils. Wonderful progress was made by nearly all the scholars.

The Summer term in No. 3 was taught by Miss Julia A. Eaton with commendable success.

The Winter term was under the care of Miss Elvira J. Bemis, who has taught many terms and seems pleased with her vocation and interested in the welfare of her pupils.

In No. 4 there was no Summer school. The Winter school was taught by Miss Mary S. Eaton of that District. More than one-third of the scholars in this District were unable to attend school in consequence of not having provided a suitable place. The management of the school was satisfactory to all who could send their children.

District No. 5 has two schools, the Summer term of the higher department was taught by Miss Mattie J. Jackson of Centre Harbor, a teacher of large experience. The discipline and progress in this school were satisfactory.

The Summer term of the Primary school was taught by Miss M. Ellen Beede of that District. There seemed to be a mutual good will existing between the teacher and pupils making everything generally satisfactory.

The Winter term of the Primary department taught by Miss Beede. She sustains the same relation to her pupils as in her former schools; this being her fourth term in the same school.

The Winter term in the higher department is taught by Mr. A. B. Tasker of Sandwich who seems to be accomplishing a good work, has secured and sustains good order, is energetic and persevering in his efforts, and in the opinion of the Committee, this is, thus far, the best term in this district for many years, and the most advanced school in town.

In District No. 6 the Summer term was taught by Miss Emma W. Cox of that District. This was her third term in the same District. Everything connected with the management of the school was satisfactory.

The Winter term was under the instruction of Miss Etta F. Fellows, a teacher of experience who seems at home in the school room. Her efforts were attended with success and gave general satisfaction.

District No. 7 union with Laconia, two terms. First taught by Miss Hattie J. Hoyt. This was her first effort as a teacher. Good order was sustained and general satisfaction given.

The Winter school in No. 7 was visited by Committee of Laconia.

In District No. 8 the Summer school was under the care of Miss Sarah L. Plummer of Alexandria. Miss Plummer may be classed among our best teachers. The improvement in discipline and progress with the several studies were extraordinary.

The Winter term was taught by Miss Frances A. Plummer of Alexandria. The progress in this school was generally satisfactory.

The one term in No. 9, Winter, was taught by Miss E. R. Robinson of Laconia. Miss Robinson sustains her

good reputation as a teacher and gave general satisfaction.

The two terms in district No. 10 were taught by Miss Ellen B. Plummer of that District. Miss Plummer has been eminently successful in this school. The order was everything that could be desired, and progress very commendable.

District No. 11 one term taught by Miss Jennie Edgerly. The progress in this school was as good as could have been expected in a school so small.

No. 12. Mrs. E. S. Cram has again had charge of this school. Your Committee were very much pleased with its appearance, and can truly say, that Mrs. C. held complete sway in the school room. The parents in the District, may well congratulate themselves upon the excellent progress of their children. The instruction and discipline were very thorough indeed.

No. 13. This school was to the care of Miss Annie C. Piper of New Hampton. It was her first experience in teaching yet she attained to a very good degree of success. The discipline was quite good, the pupils were attentive to their studies, and the school was conducted with profit to the District.

No. 14. Union with New Hampton. Reported in that town.

No. 15. This District has very few pupils, and these have been under the instruction of Miss Addie M. Brown of Sanbornton. Her success in teaching and the progress of her pupils were not above the average.

No. 16. This school was intrusted the care of Miss P. L. Young of Sanbornton. She is a teacher of large experience, and we trust the children have profited thereby. The order was very good, progress fair, and generally good attention was given to study.

No. 17. Miss Mattie Bnsiel of Franklin taught in this District. She is an energetic teacher, carrying along with life, good discipline into the schoolroom, and maintaining it. Her pupils made very commendable progress, and she conducted the school with credit to herself, and profit to the district.
